

## NCheck Bio Attendance System 3.1 specification

Biometric	Modalities		Face, finger
	Liveness		Yes
		Modes	Passive, Active, Passive and Active
Manual options			User name / Password
RFID			On Request
Event Log	Capacity		No limitation
	Image log		Yes
Fingerprint	Scanner	Sensor resolutions	256 and above
		Models	All Neurotechnology SDK supported scanners
		Interface	USB
	Capacity		Not Limited. Tested for 20,000 users/templates
	Matching Speed		40,000/sec
	Face	Camera	Megapixels
Interface			USB, Built-in
Capacity			Tested for 5,000 users/templates
Matching Speed			40,000/sec
Security	Database Encryption		Yes
	Administration Authentication		Yes
	Transport		SSL
	Private Device support		Yes
	Client provisioning		Anonymous or Admin selected
Authentication	Identify		Finger, Face
	Verify		User name + Password, RFID/Barcode + Biometric
Connectivity	Standalone		
	Network	Online	Yes
		Offline	Yes
Administration	User Enrollment		Yes
	User Groups		Yes
	Work Shift		Yes
	Attendance Record Management		Yes
	Client control		Yes
	Reports		Yes
	Administrator notification		Email
